

PureFlo 3000

Powered Air Purifying Respirator

Comfort, Quality & Trust

PureFlo® Industrial Respirators

Comfort, Quality & Trust

Gentex Europe is a UK manufacturer with over 100 years' experience in the production of head, face, and respiratory protection for industrial, military, and public order environments.

Our brand is synonymous with providing optimum levels of protection for personnel working in hazardous situations.

PureFlo industrial respirators are among the highest performing and most cost effective protective systems available on the market today. Proven and used throughout the world in a wide variety of heavy and light duty industries, and by numerous multi-national organisations, our wide range of PureFlo industrial respirators can be configured to match your exact needs.

Introducing the PureFlo 3000 Powered Air Purifying Respirator

The new PureFlo 3000 is an innovative powered respirator providing a unique all-in-one respiratory, head, face, eye and hearing protection solution.

The PureFlo 3000 provides integrated protection for users with an unrivalled level of comfort:

- **No trailing leads, hoses, or cables** provides improved safety (no “snagging”).
- **No belt mounted blower unit** required thereby improving user comfort. Ideal for use with a range of protective workwear.
- **Available** for industrial, pharmaceutical and welding applications.
- **No requirement for face fit testing** and can be used safely with beards and/or prescription spectacles.
- **Well balanced** modern design.
- **High efficiency particulate filter**, gives excellent levels of respiratory protection.
- **Excellent optical vision**, for safety and comfort.
- **Comfortable fit** for prolonged use with fully adjustable head harness.
- **Robust**, quick release attachment and removal of the face and head seals.
- **Compatible** with Gentex branded ear defenders.

No trailing leads or hoses
